General Uses of CBMS in Carmona

- Address gaps and issues identified in each core indicator
- Integrate data use in local level planning & program implementation
- Build up capacity of members of the community through active participation
Carmona PDAO’s Center & Community-Based Programs

Our CBMS Application Best Practice
In the past...

- Most facilities for PWDs are located in Manila
- Most services for PWDs are expensive
- Number of PWDs in Carmona is more than 1%
We learned about the:
- **Number** of PWDs in Carmona per barangay
- Different **types** of disabilities present in barangays
- **Socio-demographics** of the PWDs and their families
Comprehensive Framework

Persons with Disability

PDAO’s Program Stakeholders

PWD’s Families

Immediate Community
Center-Based Comprehensive Framework (191 learners)

- Surveillance or Detection
- Referral to services
- Early Intervention
- SPED Tutorials
- Bridging Programs
- Normalization
- Adaptive Skills
- Entrepreneurial Programs
Community-Based Inclusive Development Matrix

(1,233 PWDs)
The Municipality of Carmona utilizes the data gathered, generated, and processed from CBMS to develop efficient and effective programs that help in the municipality’s journey in achieving the 17 Sustainable Development Goals.
○ **SDG 4 - Quality Education:** PDAO prioritized the provision of a comprehensive education program which caters to the condition of the PWDs.

○ **SDG 8 - Decent Work & Economic Growth:** as a means to empower the PWDs, Carmona has a friendly environment for PWDs in terms of livelihood and employment.

○ **SDG 10 - Reduced Inequalities:** since Carmona includes the PWDs in the development process, PWDs are now seen as a partner for change rather than a mere beneficiary.
Lessons Learned

- Continuous learning (seminars, workshops, and observations from other best practices) must be prioritized to adapt easily to innovations.
- Enforcement of stricter monitoring and evaluation of programs.
Importance of CBMS in Carmona

- Provides baseline data and projections
- Easily identifies program beneficiaries
- Mapping (for cases like poverty, PWDs, etc.) is made easy
- Compliance to various development plans
- Helps in project prioritization, design, & implementation
- Promotes inputs for the preparation of development profiles, plans, budget, and policies
- Promotes active community participation
Future Plans

- Continuous innovations such as:
  - Establishment of a data center & network
  - CBMS Identification (ID) System for all citizens in Carmona, Cavite
No one should be left behind.

One of Carmona’s Principles
Thank you for listening.
