GOOD GOVERNANCE & BEST PRACTICES
VISION

SAN REMIGIO shall be one of the most livable and resilient municipalities, an ideal tourist destination of the Philippines with its God fearing and morally upright San Remigiohanons, through an effective local governance, delivery of basic social services, efficient infrastructure facilities thus, improving the living condition of constituents and proper management of natural resources.

Through ELA Workshop, we come up the vision. Based on the vision, we prioritize health and education. With the two (2), we can address the remaining indicators that needed in the constituents.

If there is constant Monitoring and Evaluation, there’s always a room for improvement.

To sustain the program, we always need the working team.

Through CBMS data gathering, we are able to give solutions by providing programs and projects that answers the needs of the constituents especially for health through Purok System.
HEALTH FACILITY:
• Ensure healthy lives and promote well-being and access to safe water and sanitation for all
Health is a state of complete physical, mental and social well being, and not merely the absence of disease and infirmity.
