  * Municipal GAD Fund
  * Assistance from other NGAs

CBMS 2015
- Unemployed – 3,508
- Out of school youths – 865
- Illiterate adults – 9,117
What were the important lessons learned by the LGU in the design and implementation of the Best Practice program?

- Strong support from family, LGU and other partners
- Establish good partnership and linkages
- Transformation of scholars (moral, physical, spiritual)
- QJT scholars directly help their parents financially from their allowances given by the company
- Have seen the relevance of the program that reduces the OSY problem

What is the importance of implementing CBMS in your LGU and of the local data it generates in addressing the particular need/s in your locality and in planning for and monitoring development programs? What is its use for LGUs for meeting the sustainable development goals (SDGs) at the local level?

- used as baseline in the pressing issues in terms of poverty incidence
- Basis for planning, prioritizing and implementation of programs, projects and services in line with SDGs

What are the next steps of the LGU for meeting the identified priority needs in the community?

- partnership with other technical-vocational institutions
- additional fund allocation to cover other services such as board and lodging, subsistence allowance, medical support, hospitalization assistance
- continuing partnership with NGAs, Dualtech Center
- linkages for employment local and abroad
THANK YOU...
MYRNA S. MONDEJAR, MPA
Municipal Mayor
LGU Veruela, Agusan del Sur
